Dear Presidio Trust Board of Directors:

I am writing to express my support for the Parks Conservancy's Presidio Exchange at the former Commissary site at Crissy Field.

As California Director at the National Wildlife Federation, and throughout a career that includes working in iconic parks like Yellowstone and Yosemite, it has been my pleasure to interact and collaborate with the Park Conservancy on many occasions. As a passionate park user and supporter, I believe the Conservancy's proposal for the PX is the most innovative, logical and exciting choice for this remarkable national park site. The Conservancy's 30-year track record speaks for itself. Selecting their PX proposal would support the Presidio's legacy of environmental preservation, community engagement, and historical integrity.

The opportunity to transform the Commissary site will be a key decision for the Presidio Trust in its recent history. The PX proposal in my view presents the most compelling vision for this site.

Sincerely,

A handwritten signature in cursive script that reads "Beth Pratt".
